

Your Co-payment and/or Co-insurance is determined by the tier to which the Prescription Drug List (PDL) Management Committee has assigned the Prescription Drug Product. All Prescription Drug Products on the Prescription Drug List are assigned to Tier 1, Tier 2 or Tier 3. Find individualized information on your benefit coverage, determine tier status, check the status of claims and search for network pharmacies by logging on to www.myuhc.com® or calling the Customer Care number on your ID card.

Other Important Information about your Outpatient Prescription Drug Benefits

If you purchase a Prescription Drug Product from a Non-Network Pharmacy, you are responsible for any difference between what the Non-Network Pharmacy charges and the amount we would have paid for the same Prescription Drug Product dispensed by a Network Pharmacy.

You are responsible for paying the lower of the applicable Co-payment and/or Co-insurance or the retail Network Pharmacy's Usual and Customary Charge, or the lower of the applicable Co-payment and/or Co-insurance or the mail order Network Pharmacy's Prescription Drug Cost.

For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit. Some products are subject to additional supply limits.

Specialty Prescription Drug Products supply limits are as written by the provider, up to a consecutive 31-day supply of the Specialty Prescription Drug Product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. Supply limits apply to Specialty Prescription Drug Products whether obtained at a retail pharmacy or through a mail order pharmacy.

Some Prescription Drug Products or Pharmaceutical Products for which Benefits are described under the Prescription Drug Rider or Certificate are subject to step therapy requirements. This means that in order to receive Benefits for such Prescription Drug Products or Pharmaceutical Products you are required to use a different Prescription Drug Product(s) or Pharmaceutical Product(s) first.

Also note that some Prescription Drug Products require that you obtain prior authorization from us in advance to determine whether the Prescription Drug Product meets the definition of a Covered Health Service and is not Experimental, Investigational or Unproven.

If you require certain Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you will be subject to the Non-Network Benefit for that Prescription Drug Product.

You may be required to fill an initial Prescription Drug Product order and obtain one refill through a retail pharmacy prior to using a mail order Network Pharmacy.

Georgia law allows you to request, without penalty and in a timely fashion, that we authorize payment for a Prescription Drug Product that is not covered on any tier of the PDL if: You had been taking the Prescription Drug Product prior to its exclusion from coverage and we determine, after consulting with your prescribing Physician, that the PDL's Therapeutically Equivalent drug has been ineffective in the treatment of the disease or condition; or the PDL's Therapeutically Equivalent drug causes or is reasonably expected to cause adverse or harmful reactions in the patient. If the request is denied, you have the right to appeal that decision. The process is described in your Certificate in Section 6: Questions, Complaints and Appeals. You may also call Customer Care at the telephone number on your ID card for assistance.

Benefits are available for refills of Prescription Drug Products only when dispensed as ordered by a duly licensed health care provider and only after 3/4 of the original Prescription Drug Product has been used.

If you require certain Maintenance Medications, we may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program each year through the Internet at myuhc.com or by calling Customer Care at the telephone number on your ID card.

Certain Preventive Care Medications maybe covered. Log on to www.myuhc.com or call the Customer Care number on your ID card for more information.

- Compounded drugs that do not contain at least one ingredient that has been approved by the U.S. Food and Drug Administration (FDA) and requires a Prescription Order or Refill. Compounded drugs that contain a non-FDA approved bulk chemical. Compounded drugs that are available as a similar commercially available Prescription Drug Product. (Compounded drugs that contain at least one ingredient that requires a Prescription Order or Refill are assigned to Tier 3.)
- Drugs available over-the-counter that do not require a Prescription Order or Refill by federal or state law before being dispensed, unless we have designated the over-the-counter medication as eligible for coverage as if it were a Prescription Drug Product and it is obtained with a Prescription Order or Refill from a Physician. Prescription Drug Products that are available in over-the-counter form or comprised of components that are available in over-the-counter form or equivalent. Certain Prescription Drug Products that we have determined are Therapeutically Equivalent to an over-the-counter drug or supplement. Such determinations may be made up to six times during a calendar year, and we may decide at any time to reinstate Benefits for a Prescription Drug Product that was previously excluded under this provision.
- Certain New Prescription Drug Products and/or new dosage forms until the date they are reviewed and assigned to a tier by our PDL Management Committee.
- Growth hormone for children with familial short stature (short stature based upon heredity and not caused by a diagnosed medical condition).
- Any product for which the primary use is a source of nutrition, nutritional supplements, or dietary management of disease and prescription medical food products, even when used for the treatment of Sickness or Injury.
